- Visual Studio Code
- IntelliJ IDEA

PROJECTS

Portfolio Website

Tech: HTML, Tailwind CSS, JavaScript

- Built a modern, fully responsive portfolio website with smooth animations and interactive UI.
- Showcased personal projects, technical skills, and contact information.

Weather App

Tech: React.js, Tailwind CSS, Weather API

- Developed a weather application that fetches real-time weather data using a REST API.
- Displays current weather details based on the searched city with a responsive interface.

Loan Tracker

Tech: HTML, CSS, JavaScript, LocalStorage

- Built a loan management application to track loans, installments, and payment history.
- Used Local Storage to save user data and calculate pending balances.

QR Generator

Tech: HTML, Tailwind CSS, React.js, JavaScript

- Created a QR code generator that instantly converts text or URLs into QR codes.
- Implemented input validation with a clean and responsive user interface.

Calculator

Tech: HTML, CSS, JavaScript

- Developed a responsive calculator supporting basic arithmetic operations.
- Implemented interactive button controls with accurate real-time calculations.

CAREER EXPERIENCE

07/2025 – 12/2025

Email-Support in **Sri Ram Printers**

Tirupur

Handled customer email inquiries, resolved customer issues, maintained clear communication, and ensured timely responses to improve customer satisfaction.
